

shared **knowledge** • shared **progress**

## Our Vision

is to be acknowledged and trusted by our members and the scientific community as the world leader for knowledge and data sharing in chemistry and the life sciences.

## Our Values

### Differentiators

What will make us leaders in our field

#### Dynamic

We respond positively to challenges.

#### Transparent

We provide interpretable, scientific rationales.

#### Trusted

We can always be relied upon.

### Qualifiers

What we need to be in order to be accepted as credible

#### Collaborative

We always work for mutual benefit.

#### Creative

We turn ideas into reality.

### Enablers

How we work together to be effective

#### Supportive

We help each other so that we get it right.

#### Passionate

We care about what we do.

#### Professional

We are open, honest and respectful.

#### Accountable

We act with integrity.

These are the values of the Lhasa Brand in terms of  
**Our Company & Our People**

If we are to be viewed like this by our members and the scientific community then we have to live the values of the Lhasa brand, individually and collectively by exhibiting these values in the way we behave.
