

How to Become a New Member of Lhasa Limited

Sponsoring a Lhasa Limited Product

Leaders in the development of expert chemoinformatic systems
and trusted curators of proprietary data.

1. Get in Touch

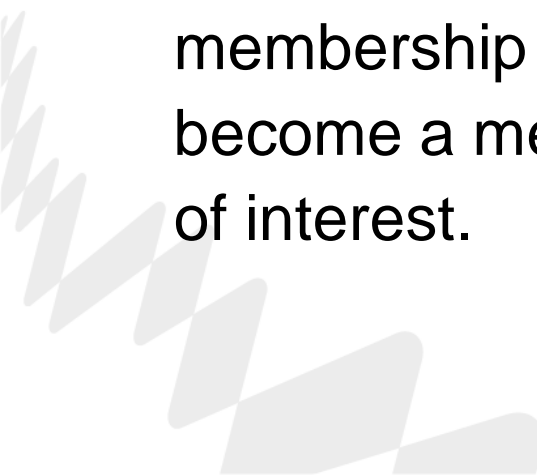

- Please contact us using info@lhasalimited.org
- Alternatively, please call +44113 394 6020

- Information about Lhasa products and services can be found at www.lhasalimited.org

2. Talk to Us

- Your Sales Representative will guide you through the entire process by:
 - Consulting with you to understand your role and your organisation.
 - Talking to you to learn your specific requirements.
 - Meeting with you to provide software demonstrations.
 - They will then provide a quote that details the membership and sponsorship investment required to become a member and gain access to the specific tools of interest.
- 

3. Signing the Software Sponsorship Agreement

- *Your Lhasa Limited Sales Representative will discuss this with you.*
- It is essential that TWO PAPER COPIES of this Agreement are signed by both parties to finalise the purchase. One copy is for your records and one must be returned to Lhasa Limited.
- Once this is complete, the software will be distributed with a Licence Key to activate the tool. This key will expire on your renewal date (12 months from purchase) plus one month.
- If you need access to the software before the Sponsorship Agreement can be finalised, this can be achieved as described on the next slide....

4. Submit a Purchase Order

- We are able to distribute the software to you upon receipt of a Purchase Order (PO) even if we have not yet received the signed Sponsorship Agreement.
- *Note: A PO is confirmation that you wish to proceed with the purchase and details the number of, and cost of each, of the goods that you are ordering. It usually contains a unique identifying number for administration purposes and will also usually reference the quote that it is applicable to.*
- Lhasa Limited can then distribute the software with a 3 month Licence Key. The Sponsorship Agreement must be finalised and returned to Lhasa within this three months, at which point a Licence Key providing access for the entire year will be provided.
