

# Membership Types

**Lhasa**  
Limited

In order to use the Lhasa software, you first need to become a Member of Lhasa. You can choose from two types of Membership - **Full** or **Associate**.

**Full**

**Associate**

## Membership Benefits

✓	Run predictions for your compounds	✓
✓	See alert descriptions	✓
✓	See alert comments	✓
✓	See alert examples	✓
✓	Browse examples	✗
✓	Browse alerts	✗
✓	Browse references	✗
✓	Edit the underlying knowledge & data bases to create your own in-house versions	✗

As a **Full Member** you are entitled to increased functionality and financial benefits.

Full Members pay an initial buying-in fee as well as an annual sponsorship fee; this annual fee is lower than that paid by an Associate Member and users are provided with the added value of having access to the editors for the software. This access allows them to browse, edit, and add to the information the software uses to make its predictions.

Associate Membership is cheaper in the first year however the annual cost is slightly higher than that paid by Full Members in subsequent years.

Associate Members do not benefit from access to the editors of the software.
